Handheld Disposable Confetti Cannons

MTFX handheld disposable confetti cannons are an effective way to achieve an eye catching confetti fall at an inexpensive price. Simply twist the base of the cannon whilst holding the top to fire the effect. Custom filling allows you to tailor the effect to your needs, including different colours or shapes. Contact us for a range of custom filling ideas.

Technical Datasheet

Handheld Disposable Confetti Cannons

Specifications:

Length: 300mm, 500mm or 800mm

Width: 25mm

Weight: 200g, 400g or 600g each

Shipping weight: 200g, 400g or 600g each

Packaging type: each

Additional information:

Tissue confetti is biodegradable.

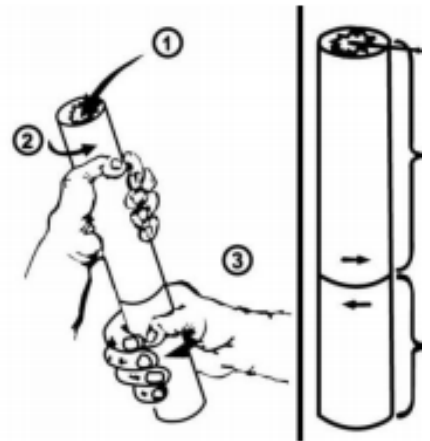

Tested as 'fire retardant' in accordance with NEN-EN-ISO-6941

Tested at 91db at 3 metres

Up to 15 seconds fall time depending on the size of the cannon.

How to set up and use the Handheld Cannons:

1. Holding the unit upright, carefully remove the top seal or cap
2. Hold the top half of launcher tightly
3. Twist the bottom of the launcher sharply to the left

Safety:

Don't point launchers directly at people
The launchers make a 'pop' sound; be aware if small children or animals are nearby.

Cannon Size	Max Firing Distance (Approx.)
30cm	5meters
50cm	8meters
80cm	12meters
