## Snowsoft Standard - display snow

MTFX Snowsoft Standard display snow is an artificial flake snow used for dressing sets, windows and areas of footfall.

Snowsoft feels realistic when walked on, is anti-static and does not tread into carpets, ensuring minimal clear-up is required. It is ready to use straight from the box and is great for areas of large coverage, windows, stage setting or for use in your own home.

Can be used in conjunction with the sparkle range and underlay products to give additional visual effect.

Available from stock and usually despatched within 24 hours of your order. Part code: SNSSS6
